

# What PCPs Should Know About Pain Clinic

*A Primary Care Grand Rounds*

## Live CME Webinar

Wednesday, April 16, 2024  
6:30 - 7:30 PM

## Why is this important?

Chronic pain affects an estimated 50 million adults in the United States, with 19.6 million experiencing high-impact chronic pain that significantly limits daily life or work activities. Acute pain, though often temporary, poses a risk of progressing to chronic pain if not addressed appropriately. This activity will explore the integration of multidisciplinary care approaches, emphasizing collaboration between primary care providers and pain clinics.

## Educational Credits

Endeavor Edward-Elmhurst Hospitals are accredited by the Illinois State Medical Society (ISMS) to provide Continuing Medical Education credit to physicians. Edward-Elmhurst Hospitals designates this activity for a maximum of 1.0 *AMA PRA Category 1™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity enables the participant to earn up to 1.0 ABIM MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) Program.

Presented by:

**David Peng, MD**  
*Pain Medicine  
Specialist*

## Objectives

*At the conclusion of this activity, participants will be able to:*

- Define key interventional pain management options and procedures.
- Summarize psychosocial component of pain and treatment strategies.
- Collaborate with pain clinics to provide multidisciplinary care for patients managing chronic or acute pain.
