

RAVI R. NEMIVANT, MD

Philosophy of Care

I believe a key to successful care is patient education. If patients can have a good understanding of their condition they can be active members of their health care team. I also believe that good patient care cannot be provided without compassion and empathy.

General

Specialties

- Critical Care
- Pulmonary Medicine
- Sleep Medicine
- Years in Practice: 15

Board Certifications

- Critical Care
- Internal Medicine
- Pulmonary Medicine
- Sleep Medicine

Patients Seen

Accepts adults

Languages

- English

Personal Interests

Spending time with my family, Swimming, Biking, Running, Soccer, Baseball, Football, Basketball, Watching sports

Education

Education

School Rush University Medical College

Graduation Date 06/1998

Degree M.D.

Honors Alpha Omega Alpha Medical Honor Society

Residency

School Rush-Presbyterian-St. Luke's Medical Center

Title Resident in Internal Medicine

School Rush-Presbyterian-St. Luke's Medical Center

Title Resident in Internal Medicine

Fellowships

School Edward Hines, Jr. VA Hospital Loyola University Medical Center

Specialty Pulmonary Critical Care & Sleep Medicine

Memberships

- American Thoracic Society
- American College of Chest Physicians
- American Academy of Sleep Medicine
- Society of Critical Care Medicine

Awards and Accolades

Name Darrell Stremmer Leadership Award

Date 12/2010

Research & Clinical Trials

Research

- Interstitial Pneumonitis due to pegylated interferon therapy
 - Long-term adrenalectomy can decrease or increase hippocampal volume
 - Measurement of immediate changes in end-expiratory volume during induced hyperinflation
-
