Trauma Center must perform focused outcome analyses of its trauma services on a quarterly basis reviewing patient death, morbidity, audit filters in order to assign status and increase awareness of outcomes as required by Joint Commission and Illinois Department of Public Health regulations.

**Program Objectives:** At the conclusion of this live activity, participants should be able to:

1. Analyze selected cases for review, including all morbidities (excluding DOA) and audit filters per IDPH Trauma Center Rules and Regulations.
2. Describe the utilization of recent advances in surgical and emergency care for the trauma patient.
3. Incorporate principles learned in subsequent care of trauma patients.

Edward-Elmhurst Health designates this live activity for a maximum of **1.5 AMA PRA Category 1 Credit™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Edward-Elmhurst Health is accredited by the Illinois State Medical Society to provide continuing medical education for physicians.

*As a reminder:* Edward-Elmhurst Health is accredited to provide AMA PRA Category 1 Credit™ and tracks only Category 1 credit provided to physicians credentialed within the system. Only physicians are eligible to be awarded AMA PRA Category 1 Credit™. The AMA defines physicians as those individuals who have obtained an MD, DO or equivalent medical degree from another country. No other healthcare providers may be awarded AMA PRA Category 1 Credit™. However, accredited CME providers, such as Edward-Elmhurst Health, may issue documentation of participation to non-physicians that states the activity was certified for AMA PRA Category 1 Credit™. It is the responsibility of the non-physician provider to obtain his/her certificate and track those hours.
